How-To Customize Your Closet

Choose Your Closet Kit

- What is the width of your closet space?
- What is the access to install? (Choose ShelfTrack™)

Evaluate Features

- What accessories are included?
 - Shoe shelf
 - What other accessories will you need?

Customize

- Add laminate drawers
- Add shoe rubbers
- Add baskets

Features & Benefits

Kits Make Buying A Closet Solution Easy

- Kits are a great starting point—all the hardware and shelving required is right in the box
- The easiest installation option is a ShelfTrack™ closet—less measuring and easy to reconfigure as your needs change
- Need design inspiration? Go to www.closetmaid.com or you can fax in the Project Planner and Installation Guide found in the kits

Features & Benefits
Everything is Now Within Reach

- Find what you need in your pantry or laundry room with specific use accessories
- Affordable space saving accessories save time and reduce clutter

How To Choose Kitchen Storage Items

Choose Pantry Shelving

Wires are closer together to make storing pantry items more stable.

Add Tier Racks

Tier Racks are available in a variety of sizes, increasing the accessibility of small items.

Install Cabinet Organizers

Full our baskets provide the best use of your available storage space.

Features & Benefits

Bulk Shelving And Hardware Provide Great Value

- 12' shelving and bulk hardware packs are perfect for multiple closet or pantry remodels
- 12' shelving lengths available in Shelf & Rod, Super-SIMC, and Pantry

How-To Create A Custom Closet

Inspect and Measure Closet

- Create a detailed layout with measurements, door locations, lighting fixtures, and electrical switches
- Make note of any electrical boxes and/or exposed pipes

Identify Needs

Determine how much space is needed for each item type:

- Long hanging items like dresses
- Folded items such as sweaters
- Accessories such as shoes

Choose Closet Components

Complete layout using products for each item type:

- Center Stack
- Shoe Storage
- Double Hang
- Drawers
- Long Hang
